MANDALA ART

**Wednesday, October 10th
10:30 - 11:30**

People who color mandalas often experience a deep sense of calm and well-being. It's a simple tool that doesn't require any expertise, but it can be remarkably soothing and nourishing. Mandalas not only focus your attention, but allow you to express your creative side, which many of us neglect in our daily lives.

This class is being held in memory of our faithful friend and Mandala Art instructor Bill Becker.
