Re: Yearly request for CPA Funds for Vital Records Preservation
Date: February 7, 2018

Please let this letter serve as our request for approval of \$10,000 to continue with the restoration of the Assessor's records. Last year, we were able to restore the real estate records dating from 1849 to 1862. We are hoping that your Committee will vote again this year to allow us to continue with this project to preserve our oldest vital records for future generations of the town. As these are permanent records that we need to keep forever, we appreciate your assistance with the restoration project. Please let us know if we need to provide any further information for your consideration

Thank you in advance for your consideration.
